Laurel, Maryland

Hosted by the Laurel Police Department

Social Media and Open-Source Investigations

- Gain proficiency in navigating, searching, and exploiting major social media networks
- Uncover the secrets of lesser-known platforms, learn to link social media accounts to investigative targets, who is behind the usernames and harness the power of current OSINT websites and search techniques to gather intelligence
- Best practices to keep yourself and your family safe online
- Beyond the basics, delve into essential topics such as utilizing software and applications post-training, preserving data for court, and mastering the intricacies of crafting subpoenas and search warrants for social media data.
- Benefit extends across all levels of a police department, from officers to supervisors and executives, ensuring comprehensive skill enhancement.
- Discover numerous FREE resources

Join us for an intensive Blue to Gold Training class led by law enforcement veteran Nick Jerman, who brings over two decades of experience to the forefront, specializing in Social Media and Open-Source Intelligence (OSINT) investigations. From seasoned detectives to rookie officers, this course caters to all facets of law enforcement, including patrol officers, analysts, school resource officers, dispatchers, and background investigators.

This innovative course is designed to provide comprehensive knowledge of social media platforms and OSINT techniques, enabling officers to effectively combat crime in the digital age.
