### Mastering Search & Seizure

Mastering Search & Seizure combines two of Blue to Gold's most popular classes: Advanced Search & Seizure and Advanced Traffic Stops and added additional topics like community caretaking and emergency aid exception. This class is vital for any officer, at any level, with any experience. Students will complete the course with a mastery of search and seizure and will know how to make good case law...more importantly...why! The instruction is eye-opening, fast-paced, not boring because our senior instructors are retired police officers turned attorneys. (Book included with each registration: Search & Seizure Survival Guide)

### Advanced Criminal Investigations

This comprehensive training program is designed to equip officers with the knowledge and skills they need to navigate even the most complex search and seizure scenarios. We'll dive deep into case law to learn how to respond legally and effectively to undercover operations, anonymous tips, constructive possession issues, and more.

### Response to Resistance

Good tactics are vital to law enforcement officers in their efforts to keep our communities safe, but they are just the beginning. This course will provide officers with a greater understanding of use of force case law, allowing them to more effectively recognize the legally-significant factors present when responding to resistance. After taking this class, attendees will also better comprehend the impact of stress on human performance, and both the value and limitations of body-worn cameras.
