Advanced Search & Seizure

Knowing when and how to conduct a search or seizure is a critical part of good police work. This course breaks down the Fourth Amendment and how it applies on the street, giving officers the tools they need to make solid, defensible decisions in the field. You'll get hands-on with the legal foundations behind search and seizure—when you can act, when you need consent or a warrant, and what happens when you cross the line. We'll cover both federal and state cases to make sure you're ready no matter where you work. Through case studies and real-world scenarios, you'll build the confidence to handle these situations the right way.

Tuesday, September 22, 2026 | Time: 8:00 AM - 5:00 PM | Cost: \$225

K9 Case Law

Deploying a K9 can be a game-changer in many law enforcement situations—but only if it's done by the book. This course helps handlers, supervisors, interdiction officers, and command staff understand the legal landscape that governs K9 use, making sure every deployment stands up in court. You'll dive into the key legal principles that affect K9 operations, from traffic stops to pursuits, and from schools to jails. We'll cover the do's and don'ts of using a K9 on fleeing suspects, plus the special considerations that come with working in sensitive environments. You'll also get guidance on writing solid reports and testifying confidently in court. Real-life case studies and scenarios help bring the material to life so you can apply what you've learned on the street.
