Mastering Interdiction Case Law

The Ultimate Case Law Class for Interdiction Officers

Ultimate Interdiction brings together the best of Blue to Gold's Drugs on Wheels and Advanced Traffic Stops courses into a powerful, two-day program designed for officers who are serious about combating trafficking. This comprehensive course equips officers with the skills and knowledge needed to identify indicators of trafficking and apply legally-sound interdiction techniques.

No matter an officer's experience level, this course builds on existing skills while reinforcing legal principles that ensure interdictions are both effective and defensible in court. By integrating real-world case law and proven interdiction strategies, officers will be prepared to stay one step ahead of traffickers.

This two-day, 16-hour training is ideal for task force members, narcotics units, and agencies looking to build a strong interdiction program. Officers who have attended either Drugs on Wheels or Advanced Traffic Stops will find that this course reinforces and expands on those concepts, giving them a comprehensive toolkit for modern interdiction work.
