# TRAINING ANNOUNCEMENT

## Greenville, South Carolina

Closed training for Greenville Police Department (SC)

### Advanced Search & Seizure

Knowing when and how to conduct a search or seizure is a critical part of good police work. This course breaks down the Fourth Amendment and how it applies on the street, giving officers the tools they need to make solid, defensible decisions in the field. You'll get hands-on with the legal foundations behind search and seizure—when you can act, when you need consent or a warrant, and what happens when you cross the line. We'll cover both federal and state cases to make sure you're ready no matter where you work. Through case studies and real-world scenarios, you'll build the confidence to handle these situations the right way.

Tuesday, August 18, 2026 | Time: 8:00 AM - 5:00 PM

### Advanced Traffic Stops

Making a traffic stop is one of the most common—and sometimes most legally tricky—things cops do. This course helps officers sharpen their skills in making stops that are both effective and legally solid. You'll get a handle on the real-world application of constitutional principles so your stops hold up in court and build trust with the community. You'll learn the nuts and bolts of key traffic stop topics—like the motor vehicle exception, pretext stops, vehicle searches, and passenger questioning. We'll also cover the big court decisions that shape how you do your job, and dig into things like K9 sniffs, inventories, and probable cause searches.

Wednesday, August 19, 2026 | Time: 8:00 AM - 5:00 PM

### Law Enforcement Liability

Potential liability is an ever-present reality for law enforcement officers and agencies. Over the last decade, liability claims have risen sharply, making it a \$3.2 billion industry—fueled by increased public awareness and scrutiny of police actions that can lead to constitutional violations and misconduct. This course provides officers—and especially supervisors, training officers, and command staff—with a comprehensive overview of the most common types of liability in both criminal and civil courts. Students will leave the course with the knowledge and tools to prevent, recognize, and mitigate potential liability risks.
